

# Eagle Pneumatic Cash-Lift System

The Cash-Lift System from Eagle Pneumatic is a safe, fast and cost-effective way to transport money in seconds from congested areas to secure locations. Cash-Lift eliminates employees' concerns over handling large sums of money, and it helps to reduce labor costs by eliminating the need for manual cash collections. And our sliding-sleeve stations are designed to use only minimal counter space.

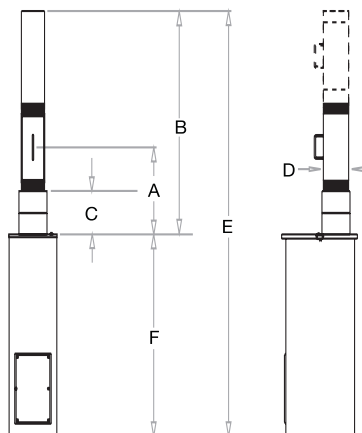

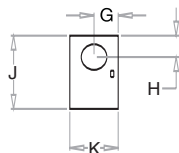

A two-way pressure/vacuum system, Cash-Lift System is designed for a wide range of retail applications, including supermarkets, restaurants and hotels.

See how the Eagle Pneumatic Cash-Lift System takes the stress out of money-handling environments. Call your Eagle Pneumatic dealer today.
